The undernoted Notice of Motion was proposed by Councillor Dallat and seconded by Alderman Mrs. Hickey.

“Affordable Housing

This Council notes the cumulative results of the following:

1. the rising costs of housing in general and the consequent effects on private rental levels;
2. the lack of social housing provision on the District;
3. the artificial inflationary effects of draft PPS14 (combined with restrictive Housing Growth Indices) on site/house prices within the District; and
4. general incomes which are unable to keep pace with growing housing costs.

And, therefore, calls upon Government to:-

- (i) Urgently initiate interdepartmental actions to deliver affordable housing;
- (ii) Immediately change existing and those “draft” policies which have caused house prices to rise and are placing the most basic human entitlement – that of a home – beyond the reach of ever-increasing numbers of people.”

Councillor Dallat spoke on the Motion and sought Council’s support.

Following discussion it was unanimously agreed:

That Council support the Motion.
